

# The International Workshop on Emerging Networks and Communications (IWENC 2019)

In conjunction with

The 10th International Conference on Emerging Ubiquitous Systems and Pervasive Networks (EUSPN 2019) November 4-7, 2019, Coimbra, Portugal

Web site: <http://www.iwenc.com>

The International Workshop on Emerging Networks and Communications (IWENC 2019, <http://www.iwenc.com>) will be held on November 4-7, 2019 in Coimbra, Portugal in conjunction with The 10th International Conference on Emerging Ubiquitous Systems and Pervasive Networks (EUSPN-2019).

This workshop will bring together researchers from academia and industry to present their latest achievements, innovations, state-of-the art research and developmental work in the broad areas of networks, communication, security and mobile systems. Authors are invited to submit papers that fall into the area of Future Networks and Communications covering novel research results, case studies and applications in related areas of interest. Potential topics include, but are not limited to:

Topics to be discussed in the workshop include (but are not limited to) the following:

- Future Generation Communication Networks
- 5G Mobile Technology and NFV
- Cloud Computing security
- Dependable IoT applications and services for e-health, smart cars, smart manufacturing and smart city
- Intelligence for Future Communication Systems
- Intelligent Systems for E-communication
- Intrusion and cybersecurity threat detection and analysis
- IoT cybersecurity and privacy
- IoT security and privacy through SDN
- IoT enabling technologies
- Mobile Health Care and Medical Applications
- Modeling & Simulation of Communication Systems
- Network and Communication Security
- Network Intrusion Detection and Prevention
- Security & Privacy
- Software Defined Network
- Vehicular Networks

## Paper Submission:

Authors are requested to submit their papers electronically using the online conference management system in PDF format before the deadline.

The submission processes will be managed by easychair.org. The submission link is <https://easychair.org/conferences/?conf=iwenc2019>.

If you have used this system before, you can use the same username and password. If this is your first time using EasyChair, you will need to register for an account by clicking “I have no EasyChair account” button. Upon completion of registration, you will get a notification email from the system and you are ready for submitting your paper. You can upload and re-upload the paper to the system by the submission due date.

### **Paper Length**

Submitted technical papers must be no longer than 8 pages for full papers, 6 pages for short papers and 4 pages for work in progress, including all figures, tables and references.

### **Publication:**

All accepted papers will be scheduled for oral presentations and will be included in the conference proceedings published by **Elsevier Science** in the open-access **Procedia Computer Science series** (online). Procedia Computer Sciences is hosted on [www.elsevier.com](http://www.elsevier.com) and on Elsevier content platform ScienceDirect, and will be freely available worldwide. All papers in Procedia will also be indexed by **Scopus** and **Engineering Village (Ei)**. This includes **EI Compendex**. All accepted papers will also be indexed in **DBLP**.

At least one author of each accepted paper is required to register and attend the conference to present the work.
